

## **2014 TWI-MU Greetings Message**

It is a blessing beyond happiness to be with you in this fresh air Columbia and at this vital MU campus.

Nowadays, unexpected weird weather and IT errors are affecting the humankind with distractions, chaos, and darkness. Therefore, it is the self navigation age.

TWI will keep going as vitality activities.

TWI accepts Dr. Nelson's willing donations including this research activity and even this lunch which are sharing us a joyful wealthy time.

TWI thanks to Dr. Handy Williamson, Vice Provost of International Programs, for his encouragements from various aspects.

2014. 1. 30

TWI Standing Advisor

Lee, Kyung Ja
